About these games

This pack consists of four different games (levels 1, 2, 3, and 4) to help your learners practice alliteration. Alliteration is when several words in a sentence or phrase begin with the same letter. When students become adept at alliteration, encourage them to use it in their writing.

Print just the cards you want. There are two pages of cards for each level. If you'd like a black and white option, you can find those pages in the second half of this file.

Use the same game board, no matter which cards you use. If you'd like a black and white option, check the second half of this file.
